Dear Author  
Universitas Muhammadiyah Sumatera Utara.

Thank you for your interest in the Linglit Journal. There are several points that you should make improvements to, namely:

1. What kind of research contribution does this article offer in this research?
2. The background from this article is not specific enough.
3. The writing structure is not appropriate.
4. The analysis in the article is not sharp enough.

Thank You

Best Regards  
Editorial Team
